

Best Western Senayan

Best Western® Opens Brand New Hotel in the Heart of Jakarta

Now open – 137 Rooms

Best Western Hotels & Resorts has celebrated the opening of an exciting new hotel in the heart of Jakarta's vibrant downtown district.

Best Western Senayan Hotel is a modern midscale hotel located on Jalan Asia Afrika, a main thoroughfare in Central Jakarta. This cosmopolitan area is home to multinational companies including Google Indonesia and Citibank, plus luxury lifestyle malls such as Plaza Senayan, which houses top brands like Dior, Gucci and Louis Vuitton.

The hotel is also just moments from the Jakarta Convention Center, which hosts major international events and concerts, and the 76,000-pax capacity Gelora Bung Karno Stadium, which will be the main sporting arena for the 2018 Asian Games.

A new-build hotel and developed by the leading Indonesian company, PT Mandiri Karya Indah Sejahtera, guests are sure to enjoy all that the Best Western Senayan Hotel has to offer. Supported by Best Western's legendary service standards, the hotel features 137 contemporary rooms, all equipped with comfortable beds, power showers and complimentary Wi-Fi. There is also a selection of triple rooms which are perfect for families.

The hotel's restaurant serves daily buffet breakfast, followed by a choice of local, pan-Asian and international cuisine throughout the day. For corporate travelers, there is a business corner and six modern meeting rooms.

Best Western Senayan Hotel becomes the company's fourth hotel in Jakarta, joining Best Western Mangga Dua Hotel & Residence, Best Western Plus Kemayoran and Best Western Premier The Hive. This means that visitors to Jakarta can now choose from three distinct brands when they travel to the Indonesian capital: classic midscale Best Western, upper-midscale Best Western Plus and upscale Best Western Premier.
