## SENZA-UPDATES

EXPERIENCE THE CULTURAL CONNECTION TO NAPA

Hello Friends,

At SENZA, we have always been focused on providing exceptional cleanliness and hygiene standards at our hotel, for the welfare of our guests and our associates. Since the start of this pandemic, we expeditiously reviewed our housekeeping and property wide cleaning protocols. Following this, we are implementing additional processes across specific operational areas:

### Front Desk And Lobby:

- Increased sanitization procedures will be performed every 2-4 hours in the lobby and property wide guest touch points throughout the hotel with sanitizing products.
- Social and front desk distancing measures have been implemented, including the installation of floor decals along with the removal of all lobby brochures, magazines and papers.
- Additional hand sanitizing stations have been installed.

### Hotel Staff Protocols:

- Employee workstations and work areas are cleaned and sanitized during and after every shift.
- Starting May 28th 2021, our housekeeping team resume will normal daily servicing of guest rooms, unless requested not to do so. Please note, we will only service guest rooms once they are vacated.
- Should any member of our team (including maintenance) have to enter your room, we will wear both gloves and a mask and will only enter when vacant and able to do so.
- Employees are educated to stay home if unwell and communicate their possible exposure to COVID-19 with management.
